BOOKS AND MONOGRAPHS

Hemolytic Uremic Syndrome. Ferri's Clinical Advisor, 2018

Hemolytic Uremic Syndrome. Ferri's Clinical Advisor, 2017

ABSTRACTS AND POSTERS

- Glomerular filtration rate estimation using cystatin C vs. creatinine during dehydration. *Abstract, National Kidney Foundation 2016 Spring Clinical Meetings, Boston, April 2016.* Ahmed S, Garcia D, Omidian A, Alavi SN, Ortega LM, **Nayer A**
- Tryptase⁺ SCF⁺ mast cell accumulation in the human liver correlates with fibrosis in non-alcoholic fatty liver disease. *Poster, International Liver Congress 2016, Barcelona, Spain, April 2016.* DeLa Cruz AC, Omidian A, Wilson M, Altintas MM, De La Cruz-Munoz N, Nadji M, Garcia-Buitrago MT, **Nayer A**
- Mast Cell Involvement in Non-Alcoholic Fatty Liver Disease in Humans. *Poster (Presidential Poster of Distinction) – American Association for the Study of Liver Disease 2015, San Francisco, CA.* DeLa Cruz AC, Altintas MM, De La Cruz-Munoz N, Gaidosh G, Arosemena L, Nadji M, Garcia-Buitrago MT, **Nayer A**
- Pulse pressure and blood triglyceride levels among a young multi-ethnic group living in South Florida. *Abstract - Experimental Biology, Boston, MA. March 2015.* Ajabshir S, Exebio J, Zarini G, **Nayer A**, Vaccaro J, Huffman F
- Subtle stippled calcium deposition around cutaneous capillaries and sweat glands in advanced calciphylaxis. *Abstract - 51st Annual Meeting of the American Society of Dermatopathology, Chicago, IL. Nov. 2014.* Dookhan C, Nayer A, Cho JC.
- Stem Cell Factor Stimulates Glucose Uptake and GLUT4 Expression In Vitro and In Vivo. *Poster - 74th Scientific Sessions of the American Diabetes Association, San Francisco, CA. June 2014.* Altintas MM, De La Cruz-Munoz N, Gaidosh G, Arosemena L, Gupta V, Nayer A.
- Serum 25-hydroxy vitamin D is associated with blood total cholesterol and diastolic blood pressure in a young multi-ethnic group living in South Florida. *The FASEB Journal.* 2012, 28 (1 Supp), 1041.15. Ajabshir S, Exebio J, Zarini G, **Nayer A**, Vaccaro J, Shaban L, Huffman F.
- Anti-GBM disease, autoantibodies against myeloperoxidase and platelet glycoproteins during dengue infection. *National Harbor, MD, Nov. 15, 2013. American Medical Association Research Symposium.* Castresana DN, Nguyen LN, Muchayi T, **Nayer A**.
- Calciphylaxis Presenting as Progressive Gangrene of the Digits and Penis. *American Society of Nephrology Annual Meeting, Atlanta, GA, Nov. 2013.* Peev V, Virmani S, Salman L, **Nayer A**.
- Pre-Uremic Calciphylaxis. *American Society of Nephrology Annual Meeting, Atlanta, GA, Nov. 2013.* Virmani S, Gonzalez-Suarez M, Salman L, **Nayer A**.
- Methemoglobinemia-Induced Acute Kidney Injury. *Florida Medical Association Poster Symposium, Orlando, FL, July 2013.* Qureshi AH, Soberon DJ, **Nayer A**.
- Takayasu's Arteritis: An Uncommon Cause of Renal Artery Stenosis and Therapeutic Considerations. *Florida Medical Association Poster Symposium, Orlando, FL, July 2013.* Waheed AA, Virmani S, Ortega L, **Nayer A**.

- Calciphylaxis Presenting as Progressive Gangrene of the Digits and Penis. *Florida Medical Association Poster Symposium, Orlando, FL, July 2013*. Peev V, Virmani S, **Nayer A**.
- Mycophenolate Mofetil in the Treatment of IgG4-Related Disease. *Florida Medical Association Poster Symposium, Orlando, FL, July 2013*. Soberon DJ, O'Neill MP, Pala O, Thomas DB, **Nayer A**.
- Catastrophic Antiphospholipid Syndrome with Concurrent Thrombotic and Hemorrhagic Manifestations. *Florida Medical Association Poster Symposium, Orlando, FL, July 2013*. Alghamdi I, Hernandez G, Rangel ML, **Nayer A**.
- Pre-Uremic Calciphylaxis. *Florida Medical Association Poster Symposium, Orlando, FL, July 2013*. Virmani S, Gonzalez-Suarez M, Salman L, **Nayer A**. The presentation won the third place.
- Cyclophosphamide and Plasma Exchange for Lupus Vasculopathy. *Florida Medical Association Poster Symposium, Orlando, FL, July 2013*. Gonzalez-Suarez M, Waheed AA, Jahann D, **Nayer A**.
- Plasma Exchange Therapy for Lupus Nephritis Accompanied by Antiphospholipid Syndrome. *Florida Medical Association Poster Symposium, Orlando, FL, July 2013*. Sendzischew MA, Vieregge GB, Zeng X, **Nayer A**.
- Apoptosis, mastocytosis, and diminished adipocytokine gene expression accompany reduced epididymal fat mass in long-standing diet-induced obese mice. *Poster-Keystone Symposium on Pathogenesis of Diabetes: Emerging Insights into Molecular Mechanisms, Santa Fe, NM, February 2012*. Altintas MM, Rossetti MA, Nayer B, Puig A, Zagallo P, Johnson KB, Ortega LM, McNamara G, Reiser J, Mendez AJ, **Nayer A**.
- Body weight and blood glucose concentration correlate inversely with Glut1 and Glut4 protein expression in the metabolic organs of mice. *Poster-Keystone Symposium on Genetic and Molecular Basis of Obesity and Body Weight Regulation, Santa Fe, NM, February 2012*. Azad A, Pena C, Reiser J, Altintas MM, **Nayer A**.
- Apoptosis, mastocytosis, and diminished adipocytokine gene expression accompany reduced epididymal fat mass in long-standing diet-induced obese mice. *Poster - The University of Miami Obesity Symposium, Miami, Florida, October 2011*. Altintas MM, Rossetti MM, Nayer B, Puig A, Zagallo P, Ortega LM, Johnson KB, McNamara G, Reiser J, Mendez AJ, **Nayer A**.
- Leptin deficiency-induced obesity affects the density of mast cells in abdominal fat depots and regional lymph nodes in mice. *Poster - The University of Miami Obesity Symposium, Miami, Florida, October 2011*. Altintas MM, Nayer B, Johnson KB, Gaidosh G, Ortega LM, **Nayer A**.
- Body weight and blood glucose concentration correlate inversely with Glut1 and Glut4 protein expression in the metabolic organs of mice. *Poster - The University of Miami Obesity Symposium, Miami, Florida, October 2011*. Azad A, Pena C, Reiser J, Altintas MM, **Nayer A**.
- Glut-1 and Glut-4 glucose transporter expression is higher in the subcutaneous than in the visceral fat in mice. *Poster - The University of Miami Obesity Symposium, Miami, Florida, October 2011*. Azad A, Pena C, Reiser J, Altintas MM, **Nayer A**.
- Leptin Deficiency Alters The Distribution of Mast Cells in Abdominal Fat Depots. *Poster -*

- 71th Scientific Sessions of the American Diabetes Association*, San Diego, CA, June 2011. Altintas MM, **Nayer A**. A poster was presented at the prestigious Presidents Poster Session.
- Adipose Tissue Macrophages in Lipodystrophic Mice. *Poster - 68th Scientific Sessions of the American Diabetes Association*, San Francisco, CA, June 2008. Joslin Diabetes Center, Harvard Medical School, Boston, MA. Herrero L, Shapiro H, **Nayer A**, Lee J, Shoelson SE.
- Differential Distribution of Adipositis Induced by High-Fat Diet in Abdominal Fat Depots. *67th Scientific Sessions of the American Diabetes Association*, Chicago, IL, June 2007. *Diabetes* 2007, Vol. 56; Suppl/1, pages 272-OR. Joslin Diabetes Center, Harvard Medical School, Boston, MA. **Nayer A**, Shoelson SE.
- Adipositis in aP2-nSREBP-1c Lipodystrophic Mice. *67th Scientific Sessions of the American Diabetes Association*, (Abstract # 1412-P), Chicago, IL, June 2007. Joslin Diabetes Center, Harvard Medical School, Boston, MA. Herrero L, **Nayer A**, Lee J, Shoelson SE.
- Adipose Tissue Inflammation in Obesity. *Obesity Research Seminars, Boston Obesity and Nutrition Research Center*, Boston University, Boston, MA, November 2007. **Nayer A**, Shoelson SE.
- The Many Faces of Adipose Tissue Macrophages in Obesity; A Tale of Foam and Giant Cells. *Joslin Research Symposium, Harvard Medical School*, Boston, MA, December 2006. **Nayer A**, Shoelson SE.
- Inflammation and Insulin Resistance in aP2-nSREBP-1c Lipodystrophic Mice. *Lipodystrophy and the Metabolic Consequences of Altered Fat Deposition Workshop, National Institutes of Health*. Bethesda, MD, November 2006. Herrero L, **Nayer A**, Shoelson SE.
- Epithelial to Mesenchymal Transdifferentiation Leads to Interstitial Fibrosis in Chronic Hypokalemic Nephropathy in Rats. *37th Annual Meeting & Scientific Exposition of the American Society of Nephrology*, 2004. Gong R, Tolbert EM, Biswas P, **Nayer A**, Dworkin LD.
- The Effect of Anti-CD134L Antibody Treatment on a Model of Chronic Allograft Nephropathy. *American J Transplant*. 2002; Suppl 3(2) (Abstract # 808). Azuma H, V Huurman V, **Nayer A**, Chandraker A, Sayegh M.
- The Role of Inhibitory Costimulatory Pathway PD-1 in Regulating Alloimmune responses in vivo. *American Transplant Congress*, Washington, D.C., 2002. *American J Transplant*. 2003, Suppl 5, Vol. 3 (Abstract # 70). Ito T, **Nayer A**, Yagita H, Auchincloss H, Sayegh MH, Najafian N.
- Deficiency of the Th1-Specific Transcription Factor T-bet results in Acute and Accelerated Chronic Vascular Allograft Rejection. *American J Transplant*. 2003, Suppl 5, Vol. 3 (Abstract # 1148). Schmitt I, **Nayer A**, Hauser S, Yuan X, Glimcher LH, Auchincloss H, Sayegh MH, Salama A.
- Chronic Interstitial Lung Disease in Nylon Flocking Industry Workers. *International Conference of the American Thoracic Society*, San Francisco, CA, 1997. Kern D, Crausman R, Durand K, **Nayer A**, Kuhn C.

Nonspecific interstitial pneumonia in the synthetic textile industry. **American J Respir Crit Care Med** 155 (1997): A810. DG Kern, KTH Durand, RS Crausman, RM Washko, J Burkhart, **A Nayer**, C Kuhn.

Epstein-Barr virus in Idiopathic Pulmonary Fibrosis. **United States and Canadian Academy of Pathology Annual Meeting**, Washington, DC, 1997. **Laboratory Investigations** 1997; 76:171A (Abstract # 1001). Quddus M, **Nayer A**, King T, Jackson C, Kuhn C.

ORAL PRESENTATIONS (Incomplete listing)

Targeting lymphocytes in diabetic nephropathy. University of Florida, Jacksonville, FL, June. 2015

c-Kit signaling and cellular glucose uptake. Fatih University Hospital. Istanbul Turkey, Sept. 2014

The Role of stem cell factor in glucose homeostasis, Koç University, Istanbul, Turkey, May 2014

Fibrillary Glomerulonephritis. Renal Grand Rounds, Division of Nephrology, University of Texas Health Science Center, San Antonio, TX, December 2012

Renal Vasculitis. Renal Grand Rounds, Division of Nephrology, University of Arkansas, Little Rock, AR, November 2012

Granulomatosis with Polyangiitis. Renal Grand Rounds, Division of Nephrology and Hypertension, Mayo Clinic, Scottsdale, AZ, October 2012

Small-Vessel Vasculitis. Renal Grand Rounds, Division of Nephrology, University of Texas Health Science Center in San Antonio, TX, September 2012

The Inflammatory Basis of Metabolic Syndrome and Its Complications. Renal Grand Rounds. State University of New York. Syracuse, NY, October 2011

Differential Distribution of Diet-Induced Adipositis in Abdominal Fat Depots. 67th Scientific Sessions of the American Diabetes Association. Chicago, IL, June 2007

Diabetic nephropathy. Renal Grand Rounds, Northwestern University. Chicago, IL. November 2007

The inflammatory basis of obesity, diabetes and diabetic nephropathy. Renal Grand Rounds, UT Southwestern. Dallas, TX, October 2007

The inflammatory basis of diabetic nephropathy. Renal Grand Rounds, University of Iowa. Iowa City, IA, October 2007

Diabetic nephropathy. Renal Grand Rounds, Cleveland Clinic. Cleveland, OH, September 2007

The Inflammatory Basis of the Metabolic Syndrome. Endocrinology Grand Rounds, Division of Endocrinology, Diabetes, and Nutrition, University of Maryland, Baltimore, MD, August 2007

Differential Distribution of Macrophages in the Abdominal Fat Depots in Obesity. The 2007 Annual Program of Boston University Nutrition Research Center. Boston, MA, July 2007

Adipose Tissue Inflammation in Obesity. Obesity and Metabolism Laboratory, Jean Mayer USDA Human Nutrition Research Center on Aging; Tufts University. Boston, MA, July 2007

The role of the Immune System in the Pathogenesis of the Metabolic Syndrome. Pathology Grand Rounds, Medical College of Georgia, Augusta, GA, 2007

Inflammation in aP2-nSREBP-1c transgenic mice, a model of lipodystrophy. Lipodystrophy and the Metabolic Consequences of Altered Fat Deposition Workshop, National Institutes of Health. Bethesda, MD, November 2006

The Mechanisms of Allograft Rejection. Renal Grand Rounds, Penn State University, Hershey, PA, 2002

The Immunobiology of Solid Organ Transplantation. Renal Grand Rounds, Medical College of Georgia, Augusta, GA, 2002

Thrombotic microangiopathies. Division of Rheumatology, University of Miami, Miami, FL. Feb. 5

Cocaine-induced thrombotic microangiopathy. Division of Nephrology and Hypertension, University of Miami, Miami, FL. Jan. 7

Nephritic Syndrome. Division of Nephrology and Hypertension, University of Miami, Miami, FL. July 24

Nephrotic Syndrome. Division of Nephrology and Hypertension, University of Miami, Miami, FL. July 23

Renal Histology. Division of Nephrology and Hypertension, University of Miami, Miami, FL. July 13

Fabry Disease. Division of Nephrology and Hypertension, University of Miami, Miami, FL. June 5

MPGN Pattern of Glomerular Injury. Division of Nephrology and Hypertension, University of Miami, Miami, FL. June 4

FSGS Pattern of Glomerular Injury. Division of Nephrology and Hypertension, University of Miami, Miami, FL. April 23

Renal Histology. Division of Nephrology and Hypertension, University of Miami, Miami, FL. April 16

Atypical Hemolytic Uremic Syndrome. Division of Nephrology and Hypertension, University of Miami, Miami, FL. January

C-Kit signaling and cellular glucose uptake. Peggy and Harold Katz Family Drug Discovery Center, University of Miami, Miami, FL. October

Vascular disease in systemic lupus erythematosus. Division of Rheumatology, University of Miami, Miami, FL. February

Monoclonal immunoglobulin deposition diseases and the kidney. Division of Nephrology, University of Miami, Miami, FL, December 12

Collapsing glomerulopathy. Division of Nephrology, University of Miami, Miami, FL, December 5

Renal manifestations of dengue infection. Division of Nephrology, University of Miami, Miami, FL, October 17

Amyloid A amyloidosis with subcutaneous drug abuse. Division of Nephrology, University of Miami, Miami, FL, June

Lupus Vasculopathy. Division of Nephrology, University of Miami, Miami, FL, April 18

Catastrophic Antiphospholipid Syndrome. Internal Medicine Residency Training Program, Jackson Memorial Hospital, Miami, FL, April 5

ANCA-negative pauci-immune crescentic glomerulonephritis, Division of Nephrology, University of Miami, Miami, FL, March 21

IgG4-Related Tubulointerstitial Nephritis, Division of Nephrology, University of Miami, Miami, FL, March 4

Catastrophic Antiphospholipid Syndrome. Division of Nephrology, University of Miami, Miami, FL, February 21

Vasculitis. Hospital Medicine Grand Rounds, Division of Endocrinology and Metabolism, University of Miami, Miami, FL, December 24

Diabetic Nephropathy. Division of Nephrology, University of Miami, Miami, FL, December 14

The role of the Immune System in the Pathogenesis of the Metabolic Syndrome. Endocrinology Grand Rounds, Division of Endocrinology and Metabolism, University of Miami, Miami, FL, December 13

ANCA-associated small-vessel vasculitis. Division of Rheumatology, University of Miami, Miami, FL, December 7

Minimal Change Disease. Division of Nephrology, University of Miami, Miami, FL, November 5

Small-vessel vasculitis. Medicine Grand Rounds, Department of Medicine, University of Miami, Miami, FL, October 31

Approach to the patient with the nephrotic syndrome. Division of Nephrology, University of Miami, Miami, FL, August 9

Approach to the patient with the nephritic syndrome. Division of Nephrology, University of Miami, Miami, FL, July 19

A 47-year old woman with delayed graft function and proteinuria after renal transplantation. Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, June 19

A 35-year-old woman with hypertension, edema, and a blistering rash. Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, April 12

The role of mast cells in body weight regulation and glucose homeostasis. Department of Medicine, University of Miami, Miami, FL, April 4

A 32-year-old woman with hypertension, headaches, and renal failure. Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, March 5

A 40-year-old woman with acute renal failure, hematuria, and hemoptysis. Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, October

- A 40-year-old woman with neuropathy and acute nephritis. Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, September
- A 47-year-old woman with nephrotic syndrome: Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, May
- C1q nephropathy; Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, February
- Focal segmental glomerulonephritis; Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, January
- A 41-year-old man with nephrotic syndrome; Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, December
- A 35-year-old man with proteinuria, vesicular rash, and renal insufficiency; Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, Oct.
- A 61-year-old man with rapidly progressive renal insufficiency, proteinuria, and hematuria while receiving maintenance chemotherapy for liver cancer; Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, Sept.
- A 79-year-old man with acute renal allograft dysfunction and proteinuria; Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, Aug.
- A 37-year-old man with long-standing diabetes presents with generalized edema; Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, June
- A 19-year-old woman with minimal change disease presents with gross hematuria; Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, May
- A 32-year-old man with diarrhea, cough, blurry vision, and renal insufficiency; Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, May
- Obesity: All Fat is Not The Same; Division of Nephrology; University of Miami, Miami, FL, April
- A 46-year-old woman with protracted diarrhea, fevers, and renal insufficiency; Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, April
- A 33-year-old man with edema, proteinuria, and renal insufficiency; Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, Feb.
- Metabolic Effects of Mast Cell Deficiency; Division of Nephrology; University of Miami, Miami, FL, Nov.
- A 52-year-old man with myalgia and arthralgia since childhood presents with hypertension, rash, and renal insufficiency; Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, Oct.
- A 70-year-old man with fatigue, anemia, and rapidly progressive renal insufficiency; Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, Aug.

A 52-year-old man with acrocyanosis, anemia, and proteinuria; Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, Aug.

A 32-year-old man with chronic headache, nocturia, proteinuria, and renal insufficiency; Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, July

Metabolic Syndrome and Inflammation; Division of Nephrology; University of Miami, Miami, FL, June

A 65-year-old renal transplant recipient with a markedly elevated serum; Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, Feb.

A 59-year old man with anasarca and shortness of breath; Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, Jan.

A 64-year-old man with fevers, rash, and acute renal failure; Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, Dec.

A 54-year-old woman with treatment-resistant progressive glomerulonephritis; Clinico-Pathological Conference. Division of Nephrology, University of Miami, Miami, FL, Nov.

Diabetic Nephropathy, An Inflammatory Renal Disease; Division of Nephrology; University of Miami, Miami, FL, Nov.

Possible Role for Neutrophils in Insulin Resistance; Joslin Diabetes Center; Boston, MA, May 2007

Focal and Segmental Glomerulosclerosis revisited; Renal Grand Rounds; Rhode Island Hospital, Brown University, Providence, RI, Spring 2006

Myoglobin-induced Acute Tubular Necrosis; Morbidity and Mortality Conference. Rhode Island Hospital, Brown University, Providence, RI, Spring 2006

Hematuria; Noon Conference. Noon Conference, Rhode Island Hospital; Internal Medicine Residency Training Program, Brown University, Providence, RI, Fall 2005

Proteinuria; Noon Conference, Rhode Island Hospital; Internal Medicine Residency Training Program, Brown University, Providence, RI, Fall 2005

Glomerular Diseases; Noon Conference, Providence VA Medical Center; Internal Medicine Residency Training Program, Brown University, Providence, RI, Summer 2005

Hematuria; Noon Conference, Miriam Hospital; Internal Medicine Residency Training Program, Brown University, Providence, RI, Summer 2005

A 76-year-old man with methemoglobinemia and acute renal failure; Clinico-Pathological Conference. Division of Nephrology, Rhode Island Hospital; Brown University, Providence, RI, March 2005

A 54-year-old man with renal failure, an enlarged kidney, and a history of multifocal sclerosis; Clinico-Pathological Conference. Division of Nephrology, Rhode Island Hospital; Brown University, Providence, RI, Dec. 2004
